# IOWA CHAPTER - ASHRAE

## FOREWORD

The 2014 Chapter Membership Directory and Product Directory of Manufacturers and their Representatives in the Central Iowa area has been prepared by the Iowa Chapter of ASHRAE as a service to all its members and as a service to the local HVAC industry.

The Directory is intended to provide better communications between manufacturers and their sales representatives, engineers who specify products, contractors who purchase and install the equipment, and other interested parties. Product Directory listings are not limited to ASHRAE members and the listings are not to be considered as advertising or endorsement by ASHRAE of any product, manufacturer or representative.

Since the Directory is useful when the data it contains is current in all respects, the Chapter re-issues an updated version on an annual basis.

The membership roster is based on ASHRAE's database. Members are encouraged to verify their information and update their bio on [www.ashrae.org](http://www.ashrae.org). Please note that corrections have been made to this directory, in cases where the authors have been made aware of changes in employment or contact information.

Additional copies of this Directory are available at \$5.00 per copy.

Suggestions on ways of improving the Directory or notification of errors in this edition are sincerely invited. Please contact:

Baker Group is a large Mechanical Contractor based in Central Iowa. We emphasize long-term relationships, while supporting customers with Piping, Plumbing, Ductwork, Specialty Metal Products, Certified Pressure Vessel Welding and other Specialty Services, including Vibration Analysis and Laser Alignment. In addition, we offer DDC, Security and Fire Alarm Solutions.

Building IT by Baker Group  
(Consolidation of Schneider Electric, TAC, Invensys, Siebe, Barber-Colman, and Robertshaw Control Systems)

Complete line of building automation and industrial process automation sensors, valves, controllers and graphical software interfaces, including Open Protocol Web Browser Based integration platforms for Echelon, BACnet, MODBUS and many proprietary legacy systems.

Transair Piping - Midwest Distributor

Complete modular 'push connect' aluminum compressed air piping systems designed for quick installation, efficient air flow and maximum future flexibility.

Atlas Copco - Air Compressors

Complete Industrial compressed air system solutions.

FS Curtis - Air Compressors

Full Line - Air storage and treatment equipment

Hirsch, DSX, Continuum, Sielox, and Gallagher

Access Control Systems with Video Badging, I/P CCTV Integration, SmartCard control, Biometrics, visitor management integration, Power over Ethernet controls, and the latest state of the art options in access control.
